

# Unit 10 — Auditing

2025 English for Accounting and Finance. All rights reserved.

## **Abnormality**

something which deviates from the norm, or does not appear to be right

"Several abnormalities were discovered during the audit, which resulted in the company being taken to court."

## **Act on**

to make a decision (often based on new information)

"The board decided to act on the performance auditor's recommendations and instituted new purchasing procedures."

## **Adhere to**

to follow or obey

"Each company should adhere to the accounting standards of the country that they operate in."
