General Rules and Regulations

Your students will always be your students.

We are not a language school. We are a cloud-based software platform for language schools. We feel strongly that students belong to you forever. Any classrooms still active at the end of the payment agreement term are archived and go into "read-only" mode. Nothing is ever erased unless you want it to be erased. Expired classrooms get deactivated and can be reactivated at any time by the original teacher or school who started them. Students can still log in and see their scores and certificates, but they are always and forever "your" students. We do not and will not contact them, spam them, or market to them.

How do seats work?

They work like a little like chairs in a real classroom. Seats can be reused once a current student is finished with the study program and "deactivated" from the virtual classroom. Deactivated students can still see their scores and download their certificates. Teacher accounts count the same as student seats towards your capacity.

What kind of support do I get?

We offer an online manual, Youtube channel with tutorials, and email support. Phone support and Skype training is available.

I'm convinced. How do I buy this for my school or training program?

Contact us for a written quote you can give to your purchasing agent. You can also order online at our website.

GDPR Compliance

This license is not valid inside the EU. If you live in the EU then you need to purchase the GDPR-compliant version which works anywhere in the world.

Code of Conduct / Terms of Use

You may not do anything illegal with these teachers and/or schools. If we catch a user exploiting his/her users or we get too many complaints we will refund you any unused account payments and shut down the offending account. You may not create dangerous or illegal lesson plans or such other content such as pornography, drug manufacturing, terrorism, or religious cult activities. We reserve the right to deactivate any custom lesson plans we deem dangerous or unsuitable.

What if I buy it and don't like it?

We have a 30-day money back guarantee. Just email us for a refund with an explanation why you didn't like it.
